1. The first part of the document is a list of names and their corresponding dates. The names are listed in a column on the left, and the dates are listed in a column on the right. The names are: John Doe, Jane Smith, and Bob Johnson. The dates are: 1990, 1991, and 1992.

2. The second part of the document is a table with two columns. The first column is labeled "Name" and the second column is labeled "Date". The table contains the following data:

Name	Date
John Doe	1990
Jane Smith	1991
Bob Johnson	1992

3. The third part of the document is a paragraph of text. It describes the process of data collection and analysis. It mentions that the data was collected from a survey of 100 people. The data was then analyzed using statistical methods. The results of the analysis are presented in the table above.

4. The fourth part of the document is a conclusion. It states that the data shows a clear trend. The number of people who responded to the survey has increased over time. This suggests that the survey is becoming more popular. The conclusion also mentions that the data is consistent with previous research. This suggests that the survey is a reliable source of information.
